Techniques A-Z

9:30 – 10:30 am

This class covers every one-bell technique we know of, starting with the proper ringing stroke. This is a good class for beginning ringers or ringers who may not know many different techniques. It is also a valuable class for all ringers to brush up on the proper way to execute techniques.

Stuck in the Middle

10:45 – 11:45 am

The middle bells or "battery", is a fun place to be! There can be a lot of action in the music of the middle bells, and this class will give you some strategies and practice for handling what comes up.

Treble Techniques

1:00 – 2:00 pm

Learn how to handle more than one bell in each hand. This class teaches Four-in-Hand and Shelley multiple bell techniques.

Bass Techniques

2:15 – 3:15 pm

Learn the proper techniques to handle the big bells without injury, and how to play them effectively. This is your chance to ring The Raleigh Ringers "big buckets"!
