Great Rep Ring!

9:00 - 11:00 am

Ring through handbell literature you can use throughout the year, including music for the 2018 Capital Area Handbell Festival.

This reading session will be directed by David Harris. Registration \$15.

All published music used in this Rep Ring will be available to purchase on the day of the reading session at a discount.

Techniques A-Z

12:00 – 12:50 pm

This class covers every one-bell technique we know of, starting with the proper ringing stroke. This is a good class for beginning ringers or ringers who may not know many different techniques. It is also a valuable class for all ringers to brush up on the proper way to execute techniques.

Weaving 101

2:00 – 2:50 pm

Learn to master two bells and their accidentals, making smooth, swift changes without losing your place in the music or getting your bells mixed up. These skills will help you ring more effectively in full groups and provide the basis for solo/ensemble ringing.

Stuck in the Middle

1:00 – 1:50 pm

The middle bells or “battery”, is a fun place to be! There can be a lot of action in the music of the middle bells, and this class will give you some strategies and practice for handling what comes up.

Treble Techniques

3:00-3:50 pm

Learn how to handle more than one bell in each hand. This class teaches Four-in-Hand and Shelley multiple bell techniques.
